Pupil Premium Funding Allocation by Financial Year		
2019/2020 £108, 240	2020/2021 £92, 805	2021/2022 £117,015

Introduction and context

At Comber Grove Primary School, we understand that challenging socio-economic circumstances can create additional barriers to success for children. However, we know that these challenges can be overcome. The evidence base strongly suggests that the most effective way to improve outcomes for disadvantaged children is through great classroom teaching. Great classroom teaching can be achieved by all teachers with high quality professional development, sharing of outstanding practice and open and honest conversations about learning. Children need opportunities to enrich their lives through experience and schools must make sure that where children are unable to access these through home, these opportunities are provided for them by school. Although financial support is provided for schools specifically for children who qualify for Pupil Premium, outstanding educational outcomes for these children are best achieved through ensuring outstanding practice in classrooms throughout the school. In this way all vulnerable children are helped to achieve the best possible outcomes according to their starting points.

The Pupil Premium Grant is additional funding given to publicly-funded schools in England to raise the attainment of disadvantaged pupils and close the gap between them and their peers. Schools get pupil premium funding based on the number of eligible pupils they have from the following groups.

Free School Meals

Schools get £1,345 for every primary age pupil and £955 for every secondary age pupil who claims free school meals or who has claimed free school meals in the last 6 years.

Looked-after and previously looked-after children

Schools get £2,345 for every pupil who has left local authority care through adoption, a special guardianship order or child arrangements order.
