Children's Mental Health Week

week beginning Monday, 5th February 2024.
The theme this year is 'My Voice Matters'.

- My Voice Matters is about empowering children and young people by providing them with the tools they need to express themselves.
- When we feel empowered, there's a positive impact on our wellbeing. Children who feel that their voices are heard and can make a difference have a greater sense of community and self-esteem.
- This year, we want children of all ages, backgrounds and abilities to be empowered to work together to create a positive change for their mental health and wellbeing.
- During Children's Mental Health Week, we want all children and young people to be able to say – and believe - "My Voice Matters."
